

(ii) An asset is not considered a “quality asset” if any other loans to the primary obligor on the asset have been classified as “substandard,” “doubtful,” or “loss,” or treated as “other loans specially mentioned” in the most recent report of examination or inspection of the bank or an affiliate prepared by either a federal or a state supervisory agency.

§ 206.5 Capital levels of correspondents.

(a) *Adequately capitalized correspondents.*¹ For the purpose of this part, a correspondent is considered adequately capitalized if the correspondent has:

(1) A total risk-based capital ratio, as defined in paragraph (e)(1) of this section, of 8.0 percent or greater;

(2) A Tier 1 risk-based capital ratio, as defined in paragraph (e)(2) of this section, of 4.0 percent or greater; and

(3) A leverage ratio, as defined in paragraph (e)(3) of this section, of 4.0 percent or greater.

(b) *Frequency of monitoring capital levels.* A bank shall obtain information to demonstrate that a correspondent is at least adequately capitalized on a quarterly basis, either from the most recently available Report of Condition and Income, Thrift Financial Report, financial statement, or bank rating report for the correspondent. For a foreign bank correspondent for which quarterly financial statements or reports are not available, a bank shall obtain such information on as frequent a basis as such information is available. Information obtained directly from a correspondent for the purpose of this section should be based on the most recently available Report of Condition and Income, Thrift Financial Report, or financial statement of the correspondent.

(c) *Foreign banks.* A correspondent that is a foreign bank may be considered adequately capitalized under this section without regard to the minimum leverage ratio required under paragraph (a)(3) of this section.

¹As used in this part, the term “adequately capitalized” is similar but not identical to the definition of that term as used for the purposes of the prompt corrective action standards. See, e.g. 12 CFR part 208, subpart B.

(d) *Reliance on information.* A bank may rely on information as to the capital levels of a correspondent obtained from the correspondent, a bank rating agency, or other party that it reasonably believes to be accurate.

(e) *Definitions.* For the purposes of this section:

(1) *Total risk-based capital ratio* means the ratio of qualifying total capital to weighted risk assets.

(2) *Tier 1 risk-based capital ratio* means the ratio of Tier 1 capital to weighted risk assets.

(3) *Leverage ratio* means the ratio of Tier 1 capital to average total consolidated assets, as calculated in accordance with the capital adequacy guidelines of the correspondent’s primary federal supervisor.

(f) *Calculation of capital ratios.* (i) For a correspondent that is a U.S. depository institution, the ratios shall be calculated in accordance with the capital adequacy guidelines of the correspondent’s primary federal supervisor.

(ii) For a correspondent that is a foreign bank organized in a country that has adopted the risk-based framework of the Basle Capital Accord, the ratios shall be calculated in accordance with the capital adequacy guidelines of the appropriate supervisory authority of the country in which the correspondent is chartered.

(iii) For a correspondent that is a foreign bank organized in a country that has not adopted the risk-based framework of the Basle Capital Accord, the ratios shall be calculated in accordance with the provisions of the Basle Capital Accord.

§ 206.6 Waiver.

The Board may waive the application of § 206.4(a) of this part to a bank if the primary Federal supervisor of the bank advises the Board that the bank is not reasonably able to obtain necessary services, including payment-related services and placement of funds, without incurring exposure to a correspondent in excess of the otherwise applicable limit.

§ 206.7 Transition provisions.

(a) Beginning on June 19, 1993, a bank shall comply with the prudential
